

LORO PIANA SUPERYACHT REGATTA

Porto Cervo, 4-8 June 2013

Sailing Instructions - **Revised APPENDIX ALPHA 6 June** - Starting Order and Times

It is the intention of the Race Committee to alternate the starting sequence daily with the slowest rated boat starting first on the first race day and the fastest rated boat starting first on the second race day.

The starting order will depend on which wind range is selected by the race committee. The wind range will be announced no later than 10 minute prior to the warning signal. The three potential starting orders for the days when the slowest rated boat starts first are found on page 1 of this Appendix. Page 2 of this Appendix contains the potential starting orders when the fastest rated boat starts first.
