

ROLEX SWAN CUP CARIBBEAN

Virgin Gorda, 1 – 5 March 2017

Object:	To the attention of:	Place:	Date:	Posting time:
SI Amendment N. 02	All Competitors	Virgin Gorda	1 March, 2017	hours: 18.15

From: Organizing Authority (X) | Race Committee (___) | International Jury / Protest Committee (___)

Signed:  _____

Paragraph 1.4 Scoring

Add the following:

The race committee will make best efforts to broadcast the actual course distance, for scoring purposes, prior to the warning signal for each class. If the finishing line will be located in a different position than the starting line, the race committee will broadcast the approximate position of the finishing line signal boat (lat/long) and the approximate course distance prior to the warning signal for each class.

For Class A only (ORCs_y Rating Rule) the race committee will broadcast the wind range and sea state when the lead boat is on the last leg of the course.

For Class B only (ORC Rating Rule), the race committee will broadcast the wind range to be used for scoring purposes prior to the warning signal.

Decisions and broadcasts concerning course selection, length of the course, wind strength and sea state used for scoring are the responsibility of the race committee and shall not be grounds for a request for redress by any boat. This changes RRS 60.1 (b).

Sailing Instructions Appendix BRAVO

Paragraph 2.6 Change of Course after the Start

Delete a) and b) and replace with the following:

- a) as the first boat is approaching the mark, a service boat in the proximity of the mark will hoist Flag CHARLIE with several sound signals.
- b) the change of course from that mark until the finishing line, will be broadcast over the race committee VHF channel.
