

Measurement report for the 2023 5.5m World Championship in Porto Cervo

34 yachts over a total of 34 announced have been checked and recognized in conformity with the 5.5m 2023 rule.

The following yachts have been checked:

Sail #	Division	Yacht Name
AUS-44	Modern	Manly
AUS-63	Modern	Beta Crucis
AUS-66	Modern	Ku-Rung-Gai III
BAH-25	Modern	New Moon III
BAH-26	Modern	John B
FRA-63	Modern	ENEZ C'ILAS II
GBR-40	Modern	ISLA
GBR-41	Modern	Girls on film
GBR-43	Modern	Jean Genie
GER-125	Modern	Pungin
GER-39	Modern	Alibaba
GRE-5	Modern	MELX III
ITA-79	Modern	5Billy 5
NOR-57	Modern	Artemis
NOR-69	Modern	Otto
POL-17	Modern	Aspire
SUI-201	Modern	No Stress
SUI-211	Modern	Forza del Destino
SUI-214	Modern	Caracole
SUI-217	Modern	Topas
SUI-219	Modern	Black & White
SUI-224	Modern	Ali-Baba
SUI-226	Modern	Shaolin III
SUI-233	Modern	Marie Françoise XXII

Sail #	Division	Yacht Name
GER-30	Classic	Criollo
ITA-6	classic	Kukururu
ITA-36	Classic	Manuela
ITA-42	Classic	Grifone
ITA-55	Classic	Rabicano
ITA-72	Classic	Cybèle II
ITA-21	Classic	Violetta 4

Sail #	Division	Yacht Name
FRA-43	Evolution	Bagheera 8
FRA-50	Evolution	Joker 8
ITA-57	Evolution	WHISPER

For the modern, almost all boats have been weighed (when wind conditions allowed), and adjustments made if needed.

Some Evolution and Classic have been also weighed

The following items have been checked on all yachts and corrected when needed:

- Boom length
- Boom height
- Spi boom length
- J length

- Floatation (midship Freeboard)
- Sail (if measured and with 5.5 label),
- Measurement certificate (conformity to class division and validity)

Several certificates were presented with incorrect information about the owner and/or the sail number (previous owner!). According to the rule when there is change owner the certificate should be updated and renewed.

Some jibs were measured bigger than the surface in the certificate, and have been adjusted (wrong interpretation of the LP measurement).

Two spinnakers have been recut (luff and leech to big).

The division attribution between Classic and Evolution have raised some concerns, AGM will ask to technical committee to investigate this issue.
